

AHC21024 CERTIFICATE II CONSERVATION AND ECOSYSTEM MANAGEMENT

AHC21024 - Certificate II in Conservation and Ecosystem Management

This qualification provides the skills and knowledge required for work in a defined context and/or for further study in conservation and ecosystem management. Work would be carried out under general guidance and supervision.

The qualification enables individuals to select and develop basic factual, technical and procedural knowledge in conservation and ecosystem management for Indigenous land management, lands, parks and wildlife services and the restoration and rehabilitation of ecosystems.

Units of Competency

A total of fifteen (15) units to be completed:

Core Units:

AHCWHS202	Participate in work health and safety processes
